Introduction

This directory of personnel contacts in the Canadian justice system has been prepared to facilitate communication among members of the justice community, and to promote a general up-to-date awareness of the personnel fulfilling key functions within the justice system.

In spite of the effort to provide an accurate translation, in some cases no second language version of titles, positions or organizations exist, therefore these translations have no official status.

In any document such as this, errors and omissions are inevitable particularly with the passage of time. We would, therefore, greatly appreciate receiving any corrections, amendments, or other suggestions you may have. Please forward them to:
